Oronogo Flower Gardens

CARTERVILLE, MO.

BENJAMIN C. AUTEN

Terms: Cash with order. No charge for packing. All prices include delivery by mail or express, except as noted.

As my bulbs and plants are beyond my control when they leave my hands, no guarantee goes with them, but I take extreme pains to have them healthy and true to name.

Missouri customers will please add two per cent to the amount of the order, on account of the state sales tax.

NARCISSUS BULBS

Mixture. For flowers, garden, naturalizing: many varieties, all good, earliest to latest, always something new, many "bright-eyes." Bulbs all sizes, ungraded, as they dig. No one can tell how many they will dig, but for a couple of years they have dug 1600 to 1800 per bushel, about 800 of these being blooming bulbs. The smaller bulbs, like baby chicks or heifer calves, are well worth growing. \$16.00 per bushel, \$9.00 per half-bushel, \$5.00 per quarter-bushel, express to be paid by the purchaser, a lot of bulbs for the money. \$2.75 per gallon, postpaid.
